

*blu*  
**SOFT**

Blusoft® is a “historical” Stonefly technology created in 1996. A gel pad at the heel assists in walking and provides a shock-absorbent buffer. Blusoft® is designed to reduce skeletal microtrauma and fatigue, easing your movement.

## **The secret is in the sole**

Walk as softly as a cat:  
with Blusoft, our unique gel pads  
encased in the sole.
